To Whom It May Concern:

It is with pleasure that I write this letter in regard to CBM Food Service.

CBM Food Service contracted with the Bon Homme School District this past year. CBM has provided our district with a greater variety of foods and more home cooked style foods than our previous food service provider.

We have found them to be nothing less than professional and accommodating. Our student participation rate has even increased since CBM started managing our food service program.

The CBM Food Service staff has worked very well with our administrative team and they have been known to go "above and beyond" to show their kindness and respect to the children at our school district.

CBM has consistently been very service orientated. They have been able to accommodate our needs in a very efficient manner. CBM has also met with our students on a consistent basis for feedback on their service and food quality.

We would highly recommend CBM to any school district who would be interested in changing their current food service program. If you would like to discuss this recommendation further, please feel free to call me at (605) 589-3388 Ext. 213.

Sincerely,

Dennis L. Povondra
